

27 / 10 / 08

On Sat Nov 15th at 4.00pm (approx) the surviving members of the First Bronze Squad of 1958 are meeting at North Kirra to celebrate their 50th Anniversary.

It is very unusual for three (3) of the six (6) Bronze Squad members to still “around and involved” with North Kirra 50 years on !!! – I don’t think any other Bronze Squad could claim that honor

The members involved are Don Forsyth – Barry Henderson and George Doniger – a “special guest” for the day will be Alma Bryett – who is the widow of Alan one of the squad members.

The other two (2) members were Boyce Lamb – who suffered a heart attack and was tragically drowned off the beach in 1961 (I think??) – The First Aid room was named in his honor – is it still call the Boyce Lamb First Aid room??

The other member was John Adams – who left the club a few years after doing his Bronze

The Instructors were Ian Brown (now deceased) and John Hudson – we would like to contact him – maybe someone knows his whereabouts ??

The Examiners were two “Legends of the Pt. Danger Branch” – in Jack Winders and Andy Frizzell – the examination took place on Greenmount Beach on Sunday Nov. 16th 1958

The “First of 58” were legendary in the Club for a bloody long time – we even had our own song!!!! – which of course gave a lot of blokes the “shits” when we were all pissed and we would sing it with gusto!!!

We are not organizing anything “official” – it is simply the four (4) of us getting together and telling a few more lies – but – we would welcome any member old or young – including current members to come and celebrate with us

Thanks for your assistance – George Doniger – 0415 241 040
